Honolulu, Hawai‘i — [Bishop Museum](https://www.bishopmuseum.org), the State of Hawai‘i Museum of Natural and Cultural History, shares its July 2026 exhibitions, public programs, and events. A full and continually updated listing can be found on the Museum’s website, [BishopMuseum.org](https://www.bishopmuseum.org). For more information, please contact Krislyn Hashimoto with Stryker Weiner & Yokota Public Relations, Inc.

July sees the celebration of [Lā Ho‘iho‘i Ea](#), Sovereignty Restoration Day, with an evening event featuring Ka Hae Hawai‘i, the raising of the Hawaiian Flag, as well as mele and conversations in honor of the Hawaiian national holiday. Also, visitors to the J. Watumull Planetarium can continue to enjoy a special line-up of [daily shows](#) that include fan-favorites such as “T. Rex” and “Ngā Tohunga Whakatare: The Navigators.”

- Ongoing | Exhibition
[*Ea Mai ‘Eiwa: Patterns of Practice*](#)
J. M. Long Gallery

Included with Museum admission. Free for Bishop Museum Members.

Ea Mai ‘Eiwa: Patterns of Practice is a powerful exhibition featuring the work of Nālani Kanaka‘ole (1946-2026), Sig Zane, and Kūha‘o‘īmaikalani Zane — a Hilo-based family of artists whose creative practices are deeply rooted in hula ‘aiha‘a.

As dedicated members of Hālau o Kekuhi in Keaukaha, Hawai‘i, their work across visual and performing arts is continually charged and sustained by hula. From Nālani Kanaka‘ole’s art direction and choreography to Sig Zane’s photography and textile design, and Kūha‘o‘īmaikalani Zane’s graphic design and immersive installations, each artist channels ‘ike (knowledge) carried through generations.

Bringing together new and existing works alongside botanical specimens and cultural treasures from Bishop Museum's collections, *Ea Mai 'Eiwa* weaves together themes of migration, community resilience, and environmental stewardship.

Ea Mai 'Eiwa: Patterns of Practice is presented with the generous support of Hawaiian Airlines, First Hawaiian Bank, Matson, Mellon Foundation, Servco Pacific Inc., Min Plastics, OUTRIGGER Resorts & Hotels, and Shibby Stylee.

- Ongoing | Exhibition
[*Aloha Bricks '26: Stories of Hawai'i*](#)
Castle Memorial Building

Included with Museum admission. Free for Bishop Museum Members.

Aloha Bricks '26: Stories of Hawai'i shares a look at our islands through the vivid and creative presentation of bricks! Engaging for the whole family, this new exhibition is a celebration of the people, places, plants, animals, and stories that shape Hawai'i.

Created in partnership with the Hawaii LEGO® Users Group (HILUG), *Aloha Bricks '26* features jaw-dropping, detailed builds, from beloved landmarks to native species and legendary tales. In addition, guests can explore the Middle School Mascot Mosaic Gallery representing 50 schools statewide; 2D mosaics inspired by the flora and fauna researched by Museum scientists; a massive 10-foot wave made entirely of bricks; and, the Free Play Zone that invite visitors of all ages to tap into their imaginations and build.

Aloha Bricks '26: Stories of Hawai'i is presented with support from Hawaiian Telcom, First Insurance Company of Hawaii, Kyo-ya Hotels & Resorts, Pasha Hawaii, Hawaiian Airlines, and AIA Hawaii.

- Ongoing | Exhibit
[*Wayfinders: He Wa'a He Moku, He Moku He Wa'a, We Are One and the Same*](#)
Jabulka Pavilion Rotunda (J. Watumull Planetarium lobby)

Wayfinders: He Wa'a He Moku, He Moku He Wa'a, We Are One and the Same celebrates the resurgence of wayfinding across Hawai'i and the wider Moananuiākea. This exhibit showcases the growing family of voyaging canoes and crew members, reflecting on environmental and cultural stewardship for future generations. Meet inspirational leaders in the Hall of Teachers interactive by Arizona State University, and practice using kūkuluokalani, the Hawaiian star compass, and nā lālani hōkū, the four Hawaiian star lines, to navigate.

- Ongoing | Installation
[*Mary Kawena Pukui: Knowledge is Life*](#)
Hawaiian Hall (3rd floor Treasure Case)

Included with Museum admission. Free for Bishop Museum Members.

Mary Kawena Pukui: Knowledge is Life celebrates the work and enduring legacy of Mary Kawena Pukui, honoring her many teachers and recognizing Pukui as the leading source of Hawaiian language and cultural study today. This installation acknowledges Pukui's ties to her own sources of knowledge, and how these teachings prepared her for her role as a kumu hula, composer, writer,

researcher, and expert English-Hawaiian translator.

- Ongoing | Exhibit
[*Lele o Nā Manu: The Splendor and Loss of Hawai‘i’s Birds*](#)
Richard T. Mamiya Science Adventure Center

Included with Museum admission. Free for Bishop Museum Members.

Lele o Nā Manu: The Splendor and Loss of Hawai‘i’s Birds features 47 exquisite carvings of endemic manu nahele by master craftsman, Haruo Uchiyama. The complete set of historically known Hawaiian honeycreepers are displayed atop an original mural painted by local artist, Patrick Ching. The exhibit also includes a mural by Dr. Julian Hume depicting prehistoric Kīpahulu Valley, Maui; fossils of extinct Hawaiian bird species; and an interactive game.

- Ongoing | Exhibit
‘A‘a‘ā o Hawai‘i: Cave Bugs of Hawai‘i
Richard T. Mamiya Science Adventure Center

Included with Museum admission. Free for Bishop Museum Members.

Explore ‘a‘a‘ā (lava tube) with *‘A‘a‘ā o Hawai‘i: Cave Bugs of Hawai‘i*, featuring an updated lava tube “caving” experience that highlights Hawaiian underground biodiversity, the scientific process of finding and naming new species, as well as a collaboration with members of Papahānaumokuākea Native Hawaiian Cultural Working Group Nomenclature Hui to develop Hawaiian names for species found only in Hawaiian lava tubes.

- Ongoing | Exhibit
Ke Kai Pōwehiwehi: The Twilight Zone
Richard T. Mamiya Science Adventure Center

Included with Museum admission. Free for Bishop Museum Members.

Ke Kai Pōwehiwehi: The Twilight Zone showcases the rich biodiversity in our islands’ coral reefs, presented as two distinct sections: shallow sunlit reef systems and deeper mesophotic coral reefs.

On the ground level of the Science Adventure Center, the exhibit features the shallow sunlit reef systems that most of us are familiar with, highlighting some of the native corals that make up our reefs in Hawai‘i.

The lower, second level of the exhibit highlights the deeper and less familiar mesophotic coral reefs, often referred to as the “twilight zone” of the ocean, where light barely penetrates. Deep sea fish and other mysterious creatures are represented here, giving guests a close-up look into the darker environment being explored by Bishop Museum scientists.

- Ongoing | Installations
[*Campus Murals*](#)
Throughout the Museum campus.

Included with Museum admission. Free for Bishop Museum Members.

Bishop Museum's outdoor murals provide an immersive art experience that bridges traditional culture, creative expression, and indigenous perspectives. The initial round of murals was completed in 2021 in conjunction with the special exhibit [*POW! WOW! The First Decade: From Hawai'i to the World*](#), and was expanded in May 2023 during the Hawai'i Walls Mural Festival in Kalihi. The additional murals were inspired by the Kalihi community, local histories, and Bishop Museum's cultural and scientific collections and resources.

About Bishop Museum, the State of Hawai‘i Museum of Natural and Cultural History:

Bishop Museum’s mission is to inspire our community and visitors through the exploration, celebration, and perpetuation of the extraordinary history, culture, and environment of Hawai‘i and the Pacific. The Museum was founded in 1889 by Charles Reed Bishop in memory of his wife Bernice Pauahi Bishop, a royal descendant of King Kamehameha I. Today, the Museum thrives as an educational center for the community and is widely regarded as the world’s premier institution for Hawaiian and Pacific content.

Bishop Museum’s vast collections of more than 25 million objects and specimens represent nine disciplines and include more than 22 million biological specimens, over 2 million cultural objects, 115,000 historical publications, and 1 million photographs, films, works of art, audio recordings, and manuscripts. These collections tell the stories of the cultures and biodiversity of Hawai‘i and the Pacific as well as the proud legacy of scholarly research spanning 130 years.

Bishop Museum proudly serves more than 200,000 visitors each year, including 20,000 children on school visits. Guests are encouraged to pre-plan their trip to #HawaiiisMuseum with its [free digital guide](#), available through Bloomberg Connects.

To learn more about the Museum's research, collections, exhibits, and programs, visit BishopMuseum.org, follow @BishopMuseum on [Facebook](#) and [Instagram](#), visit Bishop Museum's [YouTube](#) channel, or call (808) 847-3511. Bishop Museum is a 501(c)(3) nonprofit organization.

Bishop Museum is proud to be an Equal Employment Opportunity and Affirmative Action Employer, and welcomes applicants from the military, veterans, and those with disabilities. Learn about careers at Bishop Museum at BishopMuseum.org/Careers and on its [LinkedIn](#) page.

[Bishop Museum Press](#) is Hawai'i's oldest book publisher and one of the first scholarly publishers in the Western Hemisphere, and has published over 1,200 titles and distributed over 1 million books in 72 countries worldwide. Bishop Museum hosts a restaurant and gift shop on campus, [Tūtū's Place by Highway Inn](#) and [Shop Pacifica by Nā Mea Hawai'i](#).

LĀHAINĀ NOON (SHADOWLESS NOON)

Twice a year, in May and July, the Sun passes directly overhead for locations on Earth in the tropics. On these two days, around local noon, the Sun will be exactly overhead, at a 90° angle to the horizon, and an upright object such as a flagpole will have no shadow.

Lāhainā Noon will occur for the second time in 2026 from July 11–28. Visit the Planetarium webpage for dates and times by location.

HAWAIIAN LUNAR MONTH

“There were 360 days in a year. Ka po’e kahiko counted 30 days in each month of the 12 months of the year. There were 17 nights that were counted in groups and 12 counted separately, according to the phases of the moon.”

—Samuel Mānaiakalani Kamakau, 1870
