The Healer Stones of Kapaemahu
Castle Memorial Building

Included with Museum admission. Free for Bishop Museum Members.

The Healer Stones of Kapaemahu explores the history and contemporary meanings of four large pōhaku (stones) on Waikīkī Beach. These pōhaku were placed long ago as a tribute to four māhū, people of dual male and female spirit, who brought healing arts from Tahiti to Hawai‘i. Although the stones have survived for centuries, the story behind them has been suppressed and the respected role of māhū erased. Using immersive media and innovative storytelling approaches, the exhibition revitalizes this traditional story to help restore this sacred site as a permanent reminder of Hawai‘i’s history of inclusion and acceptance.
